

## A tale of the unexpected

Max was setting up his wind board. When he was done he said to his dad "can I go windboarding?" "ok" said his dad. so they went down to the beach and Max went off to do some windboarding. I'm having so much fun! his dad was shouting something but what? suddenly I noticed that some jelly fish and fish chasing me! I ~~had~~ tried to surf faster but I couldn't. I got back to the bay and said to myself "so that's what dad was shouting about then! Had this really happened or was it a dream? The next day \* it happened to me again! ~~the next~~ I was walking up the beach a couple of hours later when I saw a sign it said in capital letters: DANGER SACRED SEA ~~JELLY FISH~~ NO SURFING! So that's why the fish and jelly fish ~~where~~ were chasing me!
